

Custom Engineered Solutions

Fastener Solutions

Avery Dennison® Super Bar-Lok®

Accelerate Performance Custom Engineered Solutions

Our team of innovation experts, work with customers to develop, deliver and integrate solutions that overcome customer and industry challenges while helping to accelerate their performance throughout the global retail supply chain.

Avery Dennison Super Bar-Lok outperforms just about anything the competition has to offer.

HIGHEST TENSILE STRENGTH PER CROSS SECTION

- Exceeds military specification tensile strength test of 50 lbf.
- Applications where extra strength is needed with minimum cross section.

MORE RESISTANT

- Cyclic Shock Fatigue—Survives up to 70% longer than conventional solid ties when cyclically loaded in a looped configuration form 0–60 lbf. and back to 0 lbf. at a frequency of 1 cycle per second.
- Environmental Extremes—temperatures, ultraviolet light and salt water spray

VIRTUALLY NO CREEP

Does not loosen or relax even under high heat, humidity or vibration

LIGHTER AND MORE FLEXIBLE

Natural fit for aerospace, marine, aviation and automotive industries

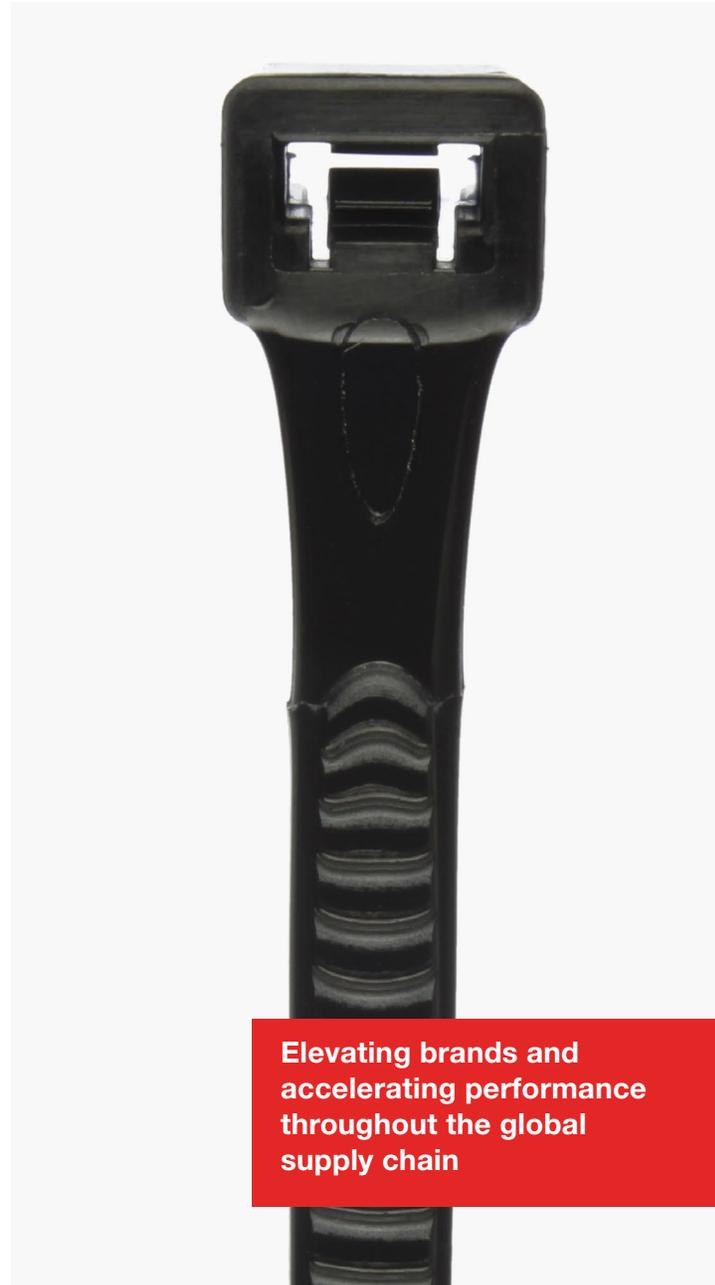

HIGHEST PETROCHEMICAL RESISTANCE

Remains unaffected in applications where most types of grease oil and fuels are present.

MIL SPEC AND UL APPROVED

Elevating Brands. Accelerating Performance.

For more information on the Avery Dennison Super Bar-Lok Ties please call 800.225.5913 or e-mail fastener@averydennison.com. For more information or complete warranty and other terms and conditions, please contact your Avery Dennison representative or visit our website.
